Object Letter of recommendation for Open Space Work Ukraine

Date 19th March 2025

To whom it may concern,

I am writing to wholeheartedly recommend Open Space Work Ukraine (OSWU) for their exceptional work conducted on behalf of the French Development Agency (AFD). Over the course of eight months, OSWU undertook a comprehensive study analyzing the challenges faced by civil society organizations in Ukraine, mapping these entities, and assisting AFD in identifying potential future projects.

The team at OSWU demonstrated a remarkable level of professionalism and expertise throughout the project. Their commitment to understanding the specific needs of AFD was evident, as they actively listened and adapted their approach to ensure the delivery of high-quality results. The flexibility they exhibited in accommodating our requests and feedback was greatly appreciated and contributed significantly to the success of the study.

OSWU consistently delivered their outputs on time, and the quality of their work was outstanding. The dialogue between our teams was open and enriching, fostering a collaborative environment that enhanced the overall effectiveness of the project. Their ability to engage with stakeholders and synthesize complex information into actionable insights was particularly impressive.

In conclusion, I have no hesitation in recommending OSWU for any future endeavors. Their dedication, expertise, and collaborative spirit make them an invaluable partner in any research or consultancy project.

Thank you for considering this recommendation. Please feel free to contact me if you require any further information.

Sincerely,

Camille Laporte
