# Patella Reliever

PATELLA TRACKING ORTHOSIS

# Patella Reliever

*A patella brace never felt so good*

**Adjustable Counterforce**  
An integrated pulley system enables customizable correction.

**The DNA**  
A precisely knitted compression sleeve, incorporating anti-migration silicon threads. The breathable fabric is cooler and more comfortable than neoprene or similar materials.

**Soft tracking guide**  
Easily and exactly position the soft, smooth EVA foam patella insert.
